Scan To the Cloud? Why on Earth Not! Vioneer Announces OneTouch Links to Popular Cloud Destinations

Pleasanton, CALIFORNIA – April 14, 2011 – Vioneer®, Inc., a leader in intelligent imaging solutions, today announced **Vioneer CONNECT**, a set of links for Vioneer OneTouch that enables users to scan and automatically upload earth-bound documents to popular cloud destinations with the touch of one button. The following OneTouch cloud links are certified and available for free downloading: **Google Docs™**, **Evernote®**, **FilesAnywhere™**, **OfficeDrop** and **DropBox**. To download any of these Vioneer cloud links, simply complete the form at <http://connect.vioneer.com> and Vioneer will instantly email you a download link.

According to Anne Valaitis an Associate Director at InfoTrends, “Businesses today are looking for devices and applications that help them conduct business more economically and effectively. This has fueled significant interest in the use of cloud computing. In fact, in a recent study by InfoTrends 68% of IT administrators reported they are currently using or considering cloud computing. By offering connectivity to the cloud, Vioneer is addressing customer demands for effortless usability.”

“No other scanner company offers as many cloud scanning options for such a broad range of scanners models. Every Vioneer and Xerox scanner supporting OneTouch 4.6 or greater is immediately enabled,” said John Capurso, vice president of marketing at Vioneer. “Vioneer CONNECT represents the most comprehensive set of cloud scanning solutions available to extend the usual terrestrial destinations to the leading cloud on-line services. As Vioneer releases more cloud links, you’ll find them at connect.vioneer.com.”

Vioneer CONNECT is the latest link development for Vioneer OneTouch. Your cloud credentials (username and password) can be preset through Vioneer OneTouch so every scan job is not interrupted with log-in details. Most cloud destinations even allow users to choose the folder of their choice and even specify an email address so that a notification email is automatically sent with a link to their file. By scanning images directly to the cloud, users can easily collaborate and share files while working in multiple locations.

Vioneer OneTouch is an award winning utility that simplifies scanning to one button. Everyone wants ease of use and convenience, however sometimes in order to obtain it, you have to sacrifice quality or functionality. Not true when it comes to the Vioneer OneTouch technology. Vioneer OneTouch provides the most elegant ease-of-use scanning experience without “dumbing down” the device.

Intelligent Imaging Solutions In Just One Touch

PRESS RELEASE: Scan To the Cloud? Why on Earth Not! / 2

Visioneer provides a broad range of scanning solutions for the desktop, distributed and departmental document imaging markets as well as the mobile and remote business scanning segments. In 2003, Visioneer combined its leading scanner technology with the Xerox brand recognition to develop the Xerox DocuMate product line. Visioneer and Xerox DocuMate high-performance business scanners and imaging software solutions offer users speed, image quality, advanced paper handling and ease-of-use with exclusive Visioneer OneTouch® technology. For additional information on Visioneer and Xerox scanning solutions, visit www.visioneer.com or www.xeroxscanners.com.

Visioneer offers both product lines under a single reseller partners program. The 20/20 Perfect Vision program optimizes VAR margins and sales opportunities through volume incentive rebates, sales support and marketing tools. Additional information can be found at www.visioneer.com/2020.
