NEWS for Immediate Release

Visioneer, Inc. Selects SYNEX Corporation for Distribution of Xerox DocuMate Scanners in the US and Canada

Pleasanton, CALIFORNIA – October 28, 2008 – Visioneer®, Inc., a leader in intelligent document imaging solutions, announced a strategic distribution agreement with SYNEX Corporation (NYSE: SNX), a leading business process services company, to offer a comprehensive range of outsourcing solutions to original equipment manufacturers (OEMs) and reseller customers throughout the United States and Canada. The agreement allows SYNEX to offer its value-added resellers and document imaging system integrators the opportunity to grow their selection of content and document management solutions with Visioneer and Xerox® DocuMate® scanners.

Ensuring that your images are of the best quality possible at the point of capture is critical to the rest of the document management workflow. The Xerox DocuMate 765 provides high quality image enhancement and increased productivity with a powerful combination of image quality, 10,000 page daily duty cycle and 65 pages per minute speed. The Xerox DocuMate 262i is designed for desktop use in any office where scanning plastic ID cards, business cards, documents or other heavy card stock is necessary. It incorporates a new, patent-pending front-feed tray that not only increases ID card scanning efficiency but also reduces roller wear by up to 60 percent over competing brands, resulting in lower total cost of ownership.

“We are delighted to be partnering with Visioneer and look forward to a long standing relationship,” said T.J. Trojan, senior vice president, peripherals at SYNEX Corporation. “Visioneer is a leader in the document imaging market place and we look forward to the opportunity to build additional awareness for Visioneer and Xerox DocuMate solutions.”

“SYNEX’ strong position within the Xerox channel community complements our offering of the Xerox DocuMate scanners,” said Bill Kouzi, senior vice president of sales and service at Visioneer.

Availability

Visioneer and Xerox DocuMate scanners are immediately available through SYNEX Corporation. For more information and product availability, please contact a SYNEX representative at 1-800-926-5974 or email SYNEX Corporation at newbusiness@synnex.com.

About Visioneer

Visioneer provides a broad range of scanning solutions for the desktop, distributed and departmental document imaging markets as well as the mobile and remote business scanning segments. In 2003, Visioneer combined its leading scanner technology with the Xerox brand recognition to develop the Xerox DocuMate product line. Visioneer and Xerox DocuMate high-performance business scanners and imaging software solutions offer users speed, image quality, advanced paper handling and ease-of-use with exclusive Visioneer OneTouch™ technology. For additional information on Visioneer and Xerox scanning solutions, visit www.visioneer.com or www.xeroxscanners.com.
