NEWS for Immediate Release

Vioneer NetScan 4000 Awarded Editor's Choice from *Better Buys for Business iGuide*

PLEASANTON, Calif., October 12, 2010 – Vioneer, Inc., a leader in intelligent document imaging solutions, today announced that the [Vioneer NetScan 4000™](#) network document scanner is an Editor's Choice in the [Better Buys for Business iGuide](#), [document scanner section](#), published in September 2010.

Awards selections were based on rigorous analysis of all current models. For each guide, our team of office equipment researchers and editors comes together to select those models that serve as a benchmark of high quality, exceptional performance and real value. Representing truly "best-in-class" machines, these models are awarded the Better Buys for Business *Editor's Choice Award*.

Intelligent Scanning on Your Network

The Vioneer NetScan™ 4000 scans documents at 20 ppm (pages per minute) or 14 ipm (images per minute) in duplex. Using either the flatbed or 50-page automatic document feeder (ADF), users can scan both sides of their document to e-mail, a network folder, fax recipient, FTP location or printer through the large 7-inch, bright color LCD touch panel that displays all operation modes clearly. It supports LDAP (lightweight directory access protocol) for direct access to Microsoft Exchange Server email directories and SMTP server support so that small businesses without elaborate Exchange servers or large IT departments can configure their scan-to-email with internet and ISP based mail services. The built-in Ethernet connection gives the device full or limited network privileges as defined by the network administrator.

Pricing, Availability

Priced at \$1495, the Vioneer NetScan 4000 is available through online channel partners and major resellers.

About Vioneer

Vioneer provides a broad range of scanning solutions for the desktop, distributed and departmental document imaging markets as well as the mobile and remote business scanning segments. In 2003, Vioneer combined its leading scanner technology with the Xerox brand recognition to develop the Xerox DocuMate product line. Vioneer and Xerox DocuMate high-performance business scanners and imaging software solutions offer users speed, image quality, advanced paper handling and ease-of-use with exclusive Vioneer OneTouch® technology. For additional information on Vioneer and Xerox scanning solutions, visit www.vioneer.com or www.xeroxscanners.com.

Vioneer offers both product lines under a single reseller partners program. The 20/20 Perfect Vision program optimizes VAR margins and sales opportunities through volume incentive rebates, sales support and marketing tools. Additional information can be found at www.vioneer.com/2020.

PRESS RELEASE: Visioneer NetScan 4000 Receives Editor's Choice Award / 2

About Better Buys for Business

Better Buys for Business is an experienced team of office equipment analysts and experts who together provide you with objective product reviews to help you make informed buying decisions about all types of office equipment. Our research is grounded in real-world performance testing of equipment, and every recommendation in every guide is backed by more than 15 years of experience in equipment research and analysis.

We also solicit and incorporate feedback from users about equipment performance, ease of use and brand satisfaction. We talk off-the-record to dealers and manufacturers, attending trade shows and touring manufacturing facilities worldwide to stay on the leading edge of advancements, inspecting and reporting on many new machines before they ever hit the market.
