The Compact Business Scanning Solution!

The Visioneer Strobe XP 200 VRS is the fastest way to a paperless office. With its slim and compact footprint, the Strobe XP 200 VRS fits between your keyboard and monitor to scan images in 48-bit color at up to 600 dpi. Now you can quickly and easily store all of your documents, photos, articles, brochures, and business cards.

Kofax VirtualReScan (VRS) is an award winning, patented technology that automatically insures the best possible image quality providing enhanced OCR accuracy for scanned document images. As quickly as pages pass through the scanner, VRS performs a multi-point inspection of each document. VRS instantly checks and adjusts for alignment (skew), brightness, contrast, and image clarity. Any inconsistencies are immediately corrected by VRS so that only the straightest, most readable images are moved into your application.

PaperPort Deluxe 9.0 is the easiest way to turn volumes of paper or photos into organized digital files that you can quickly find, use and share.

Scan-to-PDF

PaperPort's native support for the standard PDF format brings you the power to scan, annotate and email documents and photos in a format that ensures everyone can view and print them on any computer.

The Strobe XP 200 VRS includes an ISIS driver certified by Pixel Translations to ensure that it functions properly with ISIS-compatible document imaging applications. There are 250+ commercially available ISIS applications and virtually all business document imaging applications will work with the Strobe XP 200 VRS.

Easily Covert Paper Documents into Digital Documents

You can turn your scanned images into editable Word, Excel or text files with a simple drag and drop to PaperPort's SendToBar. Virtually eliminates the need for retyping documents.

Fastest Way To A Paperless Office!

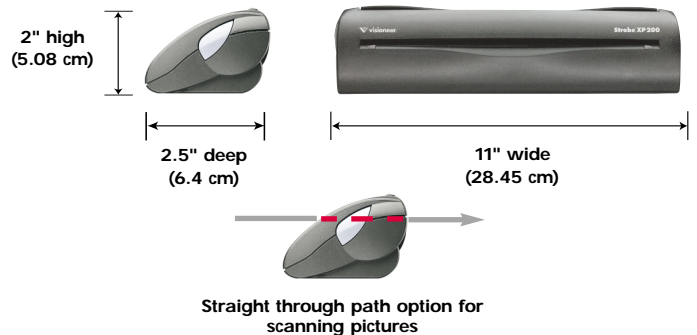

Strobe XP 200 VRS

Fastest Way To A Paperless Office!

Visioneer Strobe XP 200 VRS fits easily between your keyboard and monitor, weighs less than a pound and a half and scans documents and photos.

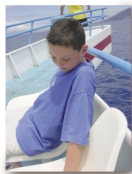

The Strobe XP 200 VRS is integrated with ScanSoft PaperPort Deluxe 9.0 making it easy to organize your life and work. Now you can scan and file all of your documents and photographs electronically right alongside your electronic documents from Microsoft Office, PDF files from Adobe Acrobat and image files from numerous other applications.

TextBridge Pro 9.0 

Quickly turns scanned documents into editable, formatted text. You can use the text in virtually any word processing, desktop publishing, or web publishing program.
