### **Visioneer's Mobile Scanners Shine in BLI Testing and Receive Two Pick Awards**

PLEASANTON, Calif., Feb. 1, 2017 – Buyers Laboratory (BLI), the world's leading independent evaluator of document imaging software, hardware, and services, today awarded two Winter 2017 Pick awards to Visioneer. The [RoadWarrior X3](#) scanner was named "Outstanding Budget Mobile Scanner" and the [RoadWarrior 4D](#) won "Outstanding Mobile Scanner for Business."

"The RoadWarrior X3 is a USB-powered mobile scanner that enables users to capture and share documents from virtually anywhere," said Jamie Bsales, Director, Office Workflow Solutions Analysis for BLI. "At a significantly lower cost than the competition, the device delivers an incredible value for businesses trying to eliminate the information gap between employees on the road and a businesses' critical processes and systems."

Bsales notes that the higher-end RoadWarrior 4D is an "excellent mobile scanning solution for businesses with employees frequently working in the field" and states that both scanners are equipped with a wide-ranging portfolio of software to help consumers get the most out of their scanned documents.

The scanners both delivered strong performance throughout BLI's evaluation, earning an "excellent" rating in many tested categories, particularly for OCR (optical character recognition) accuracy. With the OCR precision, users are able to capture clean, crisp images from a variety of media, including thick and thin plastic and embossed cards, documents as long as 32", checks, and many others.

"At Visioneer, we recognize the need to evolve scanning technology to accommodate the mobile workforce, and are honored to receive such prestigious awards for our mobile solutions," said Walt Thinfen, President and CEO at Visioneer. "Document technology is core to an organizations' digital journey and investing in the best hardware and software will set a business up for success. To be recognized by industry experts year after year is very rewarding and a true testament to our superior products and solutions."

Twice a year, the BLI Pick awards give special recognition to those products that performed the best in BLI's exhaustive lab tests, a rigorous battery of analysis that considers durability, ease-of-use, media handling, productivity and value.

#### **Availability and Pricing**

The [RoadWarrior X3](#) retails for \$69.99 and the [RoadWarrior 4D](#) retails for \$149.99. Both are available directly from Visioneer, popular online retailers, and from value-added resellers in North America.

#### **About Visioneer, Inc.**

Visioneer, Inc., a leader in scanner and document management solutions, offers a broad range of digital imaging hardware products for the desktop, distributed and departmental markets as well as the mobile and remote business scanning segments. In 2003, Visioneer combined its leading scanner technology with the Xerox brand recognition to develop the Xerox® DocuMate® product line. Visioneer and Xerox DocuMate high-performance business scanners and imaging software solutions offer users speed, image quality, advanced paper handling and ease-of-use
