

## Compact flatbed photo and document scanning solution

Weighing in at under four pounds and just 1.8 inches tall, the Visioneer® 7900 Tag That Photo® Scanner is the compact flatbed scanning solution your home office is missing. Whether scanning documents, photos or other media, the sleek 7900 Scanner delivers high-quality scans on an 8.5 x 11.7-inch flatbed. Built on innovative CIS (contact image sensor) technology the Visioneer® 7900 comes complete with a valuable software bundle. With Visioneer OneTouch, choose from one-click scanning presets from your desktop to quickly capture, edit, organize and store your photos and documents. Visioneer Organizer AI helps manage your all your files with fast search,

file conversion, tagging and automated file classification. Save time and effort managing critical contact information with ABBYY® Business Card Reader. Automatically create contact records that can be saved directly to your Contacts or exported to other applications with ease.

The Visioneer 7900 also includes a one-year subscription to Tag That Photo, the innovative, proprietary facial recognition solution. Get accurate and automated tagging with Tag That Photo's patented technology, with the privacy your photos deserve. Learn more about Tag That Photo software at [www.tagthatphoto.com](http://www.tagthatphoto.com).

# Visioneer® 7900 Tag That Photo Scanner
